ShikkhaOS

One school.
One system.

Project proposal for the School Managing Committee

November 2026

petrait.site 016-16154320 petraitbd@gmail.com

OVERVIEW

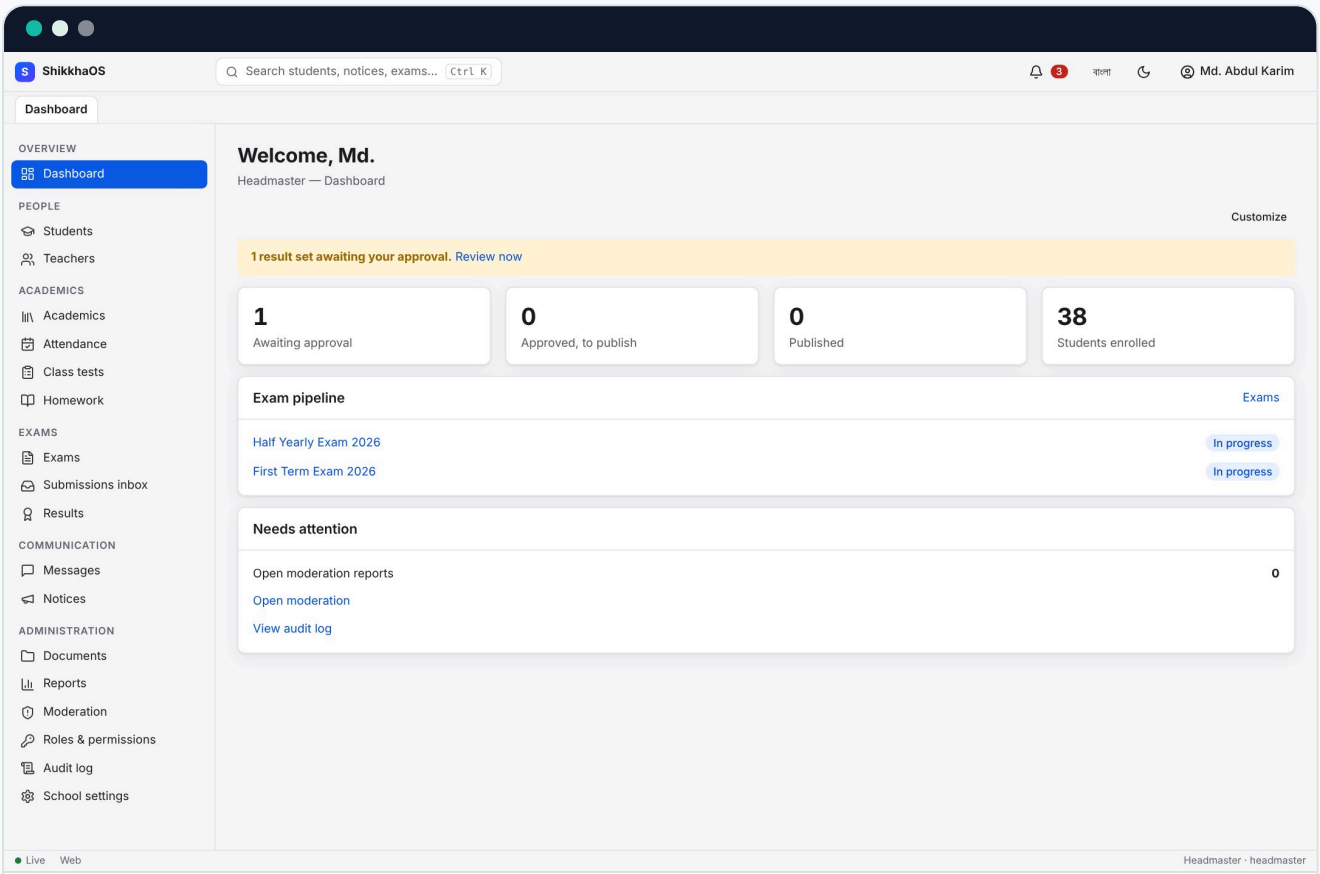

One connected school system

Marks, attendance, notices and messages in one secure place. Each person sees only what their role allows.

Desktop
Windows app for staff

Web
Any browser, all roles

Android
Student app

Headmaster dashboard

Headmaster
Approves and publishes results

Register
Prepares exams, verifies marks

Teacher
Attendance, marks, homework

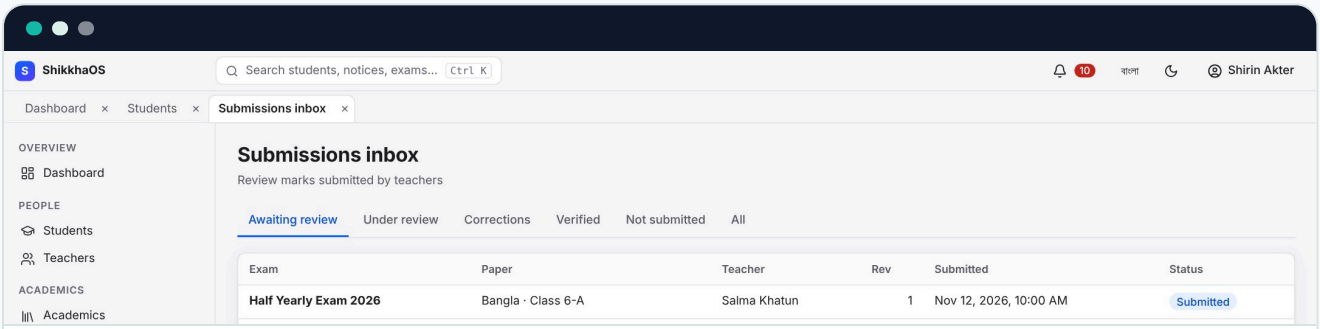

Student
Own results and notices

RESULTS

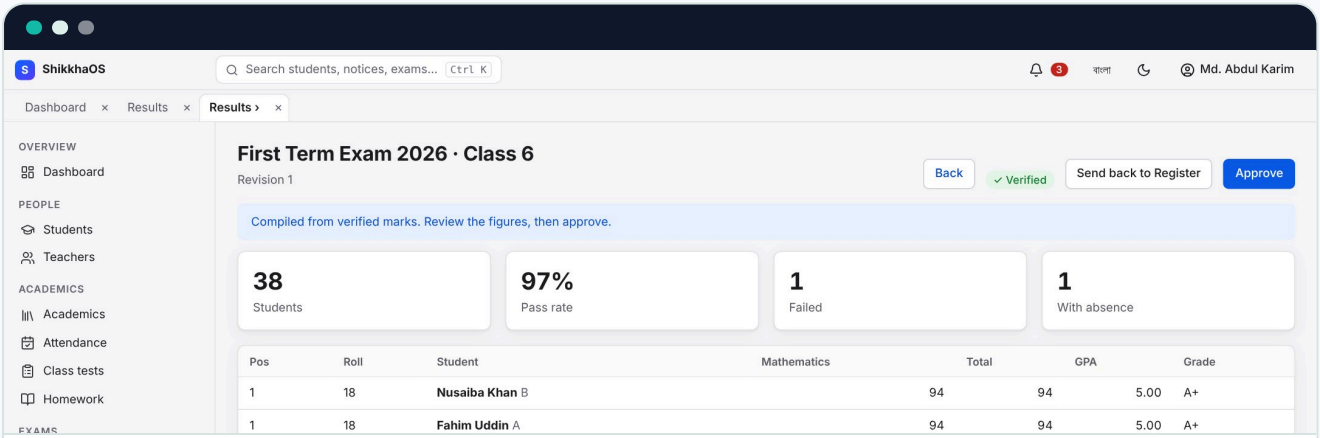

From marks to published result

Every step has an owner and a record. Nothing changes quietly.

1. **Create exam** — Register
2. **Authorize** — Headmaster
3. **Enter marks** — Teacher
4. **Submit** — Marks are locked
5. **Review** — Register
6. **Verify** — Register
7. **Approve** — Headmaster
8. **Publish** — Headmaster
9. **Notify** — Students

Register: submissions inbox

Headmaster: approval before publishing

Corrections

The Register requests a fix with a reason. The teacher resubmits as a new revision.

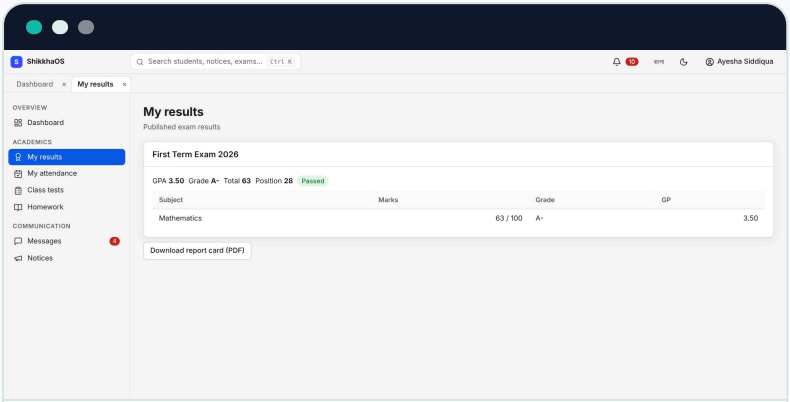

Published means final

Changes need a new approved revision. The old one stays on record.

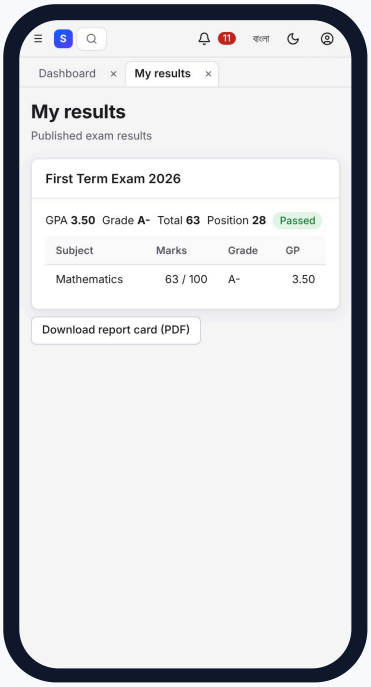

STUDENTS AND SAFETY

Safe by design

Student access is limited and every important action is recorded.

Student: own result

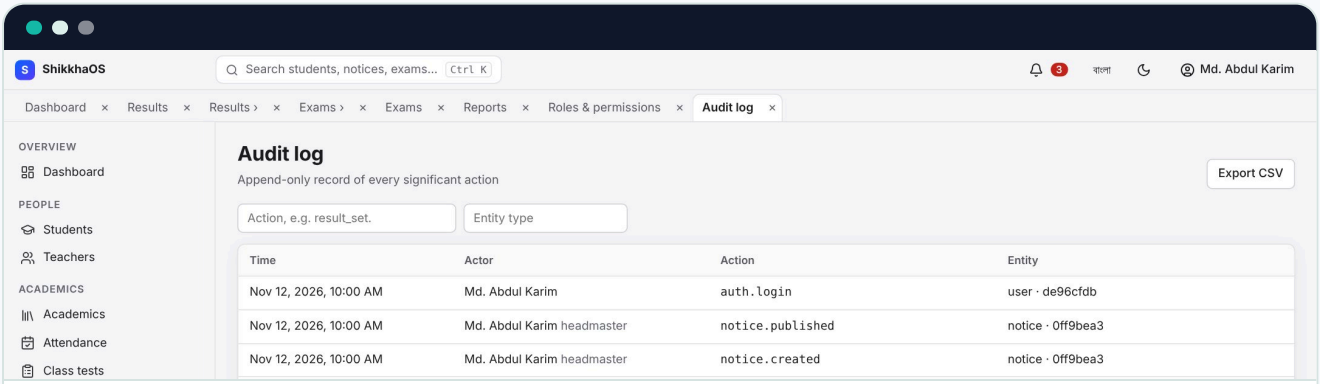

Result on a phone

Protection

- Role-based access, enforced by the server
- Password re-entry to approve or publish
- Published results cannot be altered
- Complete audit log of changes

Messaging

- No private chat between students
- Students message their own teachers only
- Reports and moderation by the Headmaster
- Notices to a class, role or the whole school

Audit log: permanent record of who did what

PLAN

Start with one class

A pilot lets the school judge ShikkhaOS on real work before expanding.

1
Prepare
Server, accounts, student import

2
Pilot
One class, one term, weekly review

3
Whole school
All classes and the student app

PAYMENT ON THE CONTRACT

30%
On signing
Work begins

30%
At pilot go-live
Pilot class running

40%
On handover
Whole school live

DECISIONS REQUESTED

- ✔ Approve the pilot class
- ✔ Choose where the system runs: cloud or school server
- ✔ Confirm who may publish results
- ✔ Nominate a system owner
